ABOUT ME

Motivated Information Technology student with a strong interest in Software Development and Data Analysis. Quick learner with good problem-solving, communication, and teamwork skills. Eager to learn new technologies and contribute effectively to an organization while continuously enhancing my technical and professional skills.

EDUCATION

B.TECH IN INFORMATION TECHNOLOGY

Nandha Engineering College

2023-2027

Erode-Tamil Nadu

CGPA-8.3

HIGHER SECONDARY

MRG Government Girls Higher Secondary School

2022-2023

Erode-Tamil Nadu

percentage-77%

SKILL

- Programming Languages: Java, Python
- Database: SQL
- Web Technologies: HTML, CSS, JavaScript
- Tools: VS Code, GitHub
- MS Office: Word, Excel, PowerPoint

PROJECTS

Supermarket Sales Prediction using Machine Learning

Technologies Used: Python | Machine Learning | Linear Regression

Developed a machine learning model for supermarket sales prediction using historical data. The dataset was cleaned and processed before training the model. The model was tested to improve prediction accuracy.

IoT Water Level Monitoring System

Technologies Used: ESP32 | Ultrasonic Sensor | OLED Display

Designed an IoT-based water level monitoring system to measure water levels in real time. Displayed sensor readings on an OLED display and improved efficient water usage.

Hospital Management System

Technologies Used: HTML | CSS | JavaScript

Developed a Hospital Management System to simplify patient registration, appointment scheduling, and medical record management. Created responsive web pages using HTML, CSS, and JavaScript to provide an easy and efficient user experience.

INTERNSHIP EXPERIENCE

Machine Learning Intern — Erospark Technologies and Solutions | 2 Weeks

Worked on machine learning concepts by preparing datasets, applying data preprocessing techniques, and analyzing model performance to gain meaningful insights from real-world data.

Web Development Intern — LitzTech | 2 Weeks

Developed responsive and user-friendly web pages using HTML, CSS, and JavaScript. Applied responsive design techniques to ensure the website worked smoothly across different devices.

LANGUAGES

Tamil, English
